WE RECOGNISE YOUR VOLUNTEERING

INTRODUCTION

This idea for this project arises from a process of study and analysis of the need to recognise the work carried out by all young people in all the activities developed with children. We believe that this is an important aspect to value, given their willingness to help.

PROBLEM

Many young people volunteer their time as animators in the different activities carried out with boys and girls at the Don Bosco Youth Centre throughout the school year and, especially, in the summer camp. The aspect to be taken into account is that, until now, their work has not been recognised.

SOLUTION

We want to recognise and certify the work carried out by all these boys and girls as animators at the Don Bosco Youth Centre in Villamuriel (Palencia) in an official way.

ENTREPRENEURSHIP

Through the RECONOCE platform we want to certify your work. Depending on the activities in which they have participated, a certain number of hours dedicated to volunteering will appear. Thanks to this, all of them will be able to enrich their curriculum vitae, gain work experience, complement their training, increase their chances of getting a job, etc.

HOW DOES ENTREPRENEURSHIP ARISE?

1

WHAT PROBLEMS HAVE ARISEN?

- I do volunteer work, but it is not reflected
- I find it difficult to find work related to children if I don't have previous experience.
- I have volunteered in the camp, but my work has not been officially recognised.
- I would like to prove my volunteering with a certificate.
- I want to complement my training with the work I did as an animator in this youth centre.
- I could increase my chances of getting a job if my work was recognised.

WHY DO WE CHOOSE TO RECOGNISE VOLUNTEERING?

We realised the importance of recognising the work of all these young people as a reward and for their own personal benefit, as well as to increase the number of people who volunteer over the years.

2

3

WHAT SOLUTIONS DO WE VALUE?

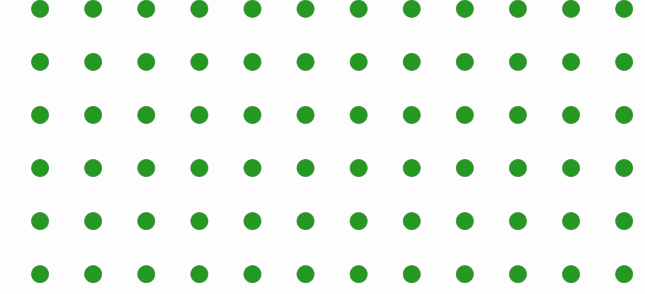

- To make visible and raise awareness of the importance of volunteering.
- To certify the work of young people at the Don Bosco Youth Centre in Villamuriel (Palencia).
- To do this through the RECONOCE platform.

WHY DID WE CHOOSE THIS SOLUTION?

It was a novel and useful way to reward the time and effort dedicated by our young people. By carrying out this initiative, it was intended to have a global reach given the importance of volunteering.

TOOLS USED

Brainstorming, mentimeter, social networking, etc.

TIME USED

Three sessions dedicated to the preparation of the idea.

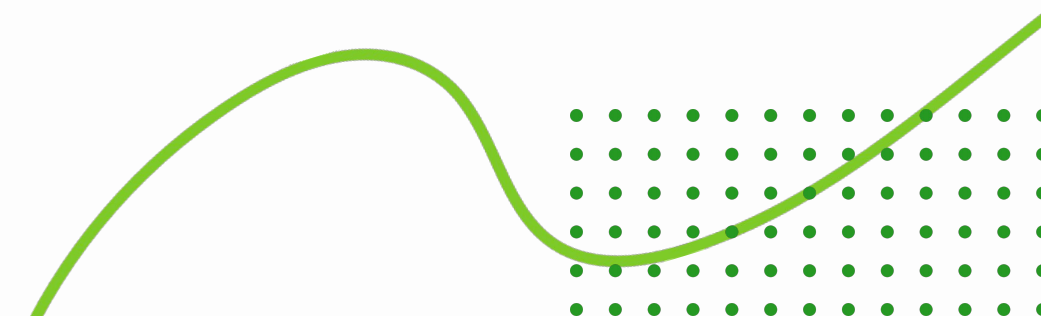

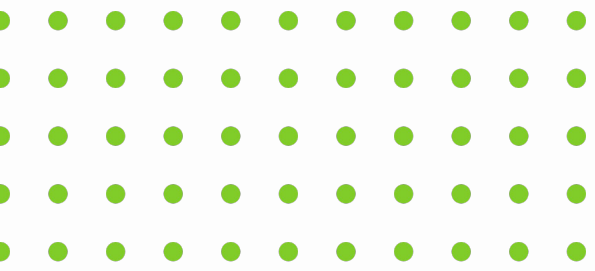

CHALLENGES OR OBSTACLES

At first it was not clear to us how to recognise their work as animators at the Don Bosco Youth Centre.

ACHIEVEMENTS

We were able to find out how to use the RECONOCE platform to specify the activities they had participated in, so that we could give them their volunteering certificate.

ENTREPRENEURSHIP

DESCRIPTION:

The RECONOCE platform allows us to recognise the voluntary work carried out by young people at the Don Bosco Youth Centre in Villamuriel (Palencia). In this way, their work is certified and they can increase their chances of finding a job.

Co-funded by
the European Union

OBJECTIVE

To recognise the voluntary work carried out by the young people in the different activities developed during the course.

TECHNOLOGY

We have used tools such as meet for some meetings, as well as social media.

SOCIAL IMPACT

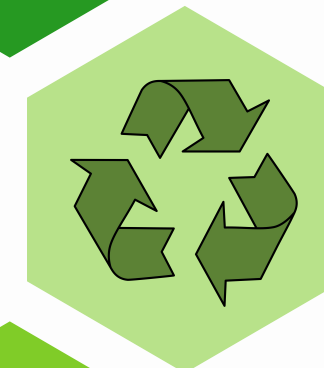

There is a strong social impact on our young people given the need to recognise their work so that they too can benefit.

ENVIRONMENTAL IMPACT

Certificates are delivered in digital format to avoid, as far as possible, the use of paper.

SUSTAINABILITY

Recognising their work will have a positive impact on their careers over the years and we are therefore confident in the sustainability of this project.

THE TEAM

Our team is made up of five members with different backgrounds and experiences that allow each one to specialise in a specific aspect to be developed within the functions of 'WE RECOGNISE YOUR VOLUNTEERSHIP'.

- Santi Domínguez Fernández
- Marta García Díez
- Iván Martín Bartolomé
- Yago Díez Patiño
- Nekane Díez Díez

CONCLUSIONS

- Teamwork facilitates awareness-raising.
- Diversity within the team benefits analysis from different points of view.
- Social, green and digital entrepreneurship means thriving in society.
- It is rewarding to be able to recognise the selfless work carried out by many young people.
- Volunteering is relevant to social entrepreneurship.
- Achieving the global reach of volunteering is more complex than it seemed.
